5. Budget — after paying for Teacher lunch PAC has a balance of -\$80. However, we have not received the \$500 for the Milk Moola caps. That check should arrive in the next month.
6. Microwave. After the Milk Moola check arrives, we hope to purchase a microwave for student use during lunch. Michelle Forrester will research Sysco options to find a durable microwave. She will coordinate the ordering/payment with the school. We hope to have the microwave in place by the fall and it will be presented to students as trial basis and a privilege that might be taken away. There is still some skepticism that it will be kept clean by the students.
7. Other topics - Looking for a replacement as chairperson. (Thank you, Carol Lyons, for all your hard work!). Kris Thompson has tentatively agreed to take over.
8. Next meeting date: September 9th, 8:30 AM
